TEACHING & ACADEMIA

Responsibilities:

- Development of curriculum, course planning, administrative responsibilities, and managing individual and overall grading for completion of the course
- Lead undergraduate dance majors and non-majors through lectures, discussions, presentations, and demonstrations particular to the topic in a successful manner towards completion of degree
- Set intentions for each course, providing feedback and reflection on students' growth and evolution
- Contribute to a brave, inclusive community where vulnerability and experimentation are respected
- Utilize imagery and somatic-based work in movement classes to promote longevity, dimensional dancing, and a deepened awareness of one's anatomy and physiology

- Mentor and support each person's growth, journey, choices, and experimentation
- Create an equitable, inclusive, and diverse environment that honors each student's lived experiences and values their specific perspectives
